Getting Ahead in a Just Gettin' by World is a 16-session workshop series providing people who are motivated to get out of poverty with the tools and support necessary to 'Get Ahead' in today's world. Working in a group learning environment, you will investigate your experience of poverty, as well as the impact within your community, providing critical information to take action to end poverty.

Learn about the resources used to move out of poverty (money is just one- (1) of the eleven (11) resources you need). Learn how these resources affect your life and the lives of your family members. By examining the resources you have versus the resources you need, you will be able to create a personal plan based on your goals and dreams for the future, to get out of poverty.
